

Max does the Stars

In each issue *Sign Europe* presents exceptional productions from the current offerings. This time we decided on „Max does the Stars“ from Max Hardcore distributed by Shots Video.

Max Hardcore is a living legend in the porn industry. Since his first steps into the world of erotic films in 1990, he has moulded many trends and styles. He caused a big sensation in 1992 with the series “The Anal Adventures of Max Hardcore” because his style was completely new: rough, hard, wild, concentrated on anal sex. At the same time he backed naïve-looking newcomers who added more shocking elements to his style. Whether choking, golden showers, spitting, the use of specula, Max Hardcore tested the borders. Recently, Shots Video distributes European versions of Max Hardcore, which are harder than the US versions. Seven novelties are being published each month.

The title „Max does the Stars“ keeps its promises. Besides superstar Briana Banks, also the equally known Stephanie Swift, Davia Ardell, Inari Vachs, Anna Malle, Marilyn Star, and Anastasia Blue can be seen. But Max Hardcore doesn't even show mercy with superstars and takes them where he finds them. Whether in the car, in the forest or at the swimming pool, nobody is safe from Max. Whether anal sex, oral sex or cum swallowing, the film offers the whole range; and Max Hardcore doesn't flinch from delighting his partner with golden showers, spitting at her or faking the gynaecologist. Of course, the hustle is recorded with adequate close-ups. Max stays faithful to his style during all of the seven chapters and gives himself credit. The films are very rough which will please the hearts of all extreme hardcore fans. Shots Video is up to date with these titles.

The audience finds besides interactive menus and chapter selection also a photo gallery, trailers and Behind-the-Scenes-footage on the DVD.

It's very good that Max Hardcore takes the time to talk about the problem of HIV at the beginning of the film and calls for tests.

Max Hardcore stands for hard, rough and extreme porn. The duration of three hours is a pleasure for all friends of this genre. In several sex scenes Max and his stars show what's possible. The style of Max is unmistakable and turns the movie into the highlight of March. Max Hardcore movies shouldn't be missed in any sex shop or video library.
